Call For GYCC Volunteers!

Join us for our seventh annual Grow Your Career Conference 2024: In Person

Leveraging AI for Your Future Career Success

More than $10,000 in prizes and giveaways

Call for nominations for the Arch Awards 2024

By submitting a nomination, you may be recognized as a leader and innovator who has shown excellence in their profession. Help us recognize our most remarkable alumni — leaders and innovators who have contributed to the vibrant and dynamic community. Through a dynamic community, we are creating an interconnected and resilient future for all. Be part of the conversation and help us build a better tomorrow.

Travelling With Team TyKat

Amazing Race Canada winner and UCalgary graduate Katrina (Kat) Kastner, BA’20 and her partner Ty Smith, ABB’17.

Former Dinos Football player Anton Bellot’s story is a testament to the power of resilience, leadership, and a unique blend of skills cultivated both on the football field and in the classrooms of Scu-sided Hall. Now the Director of Agri Business and Agriculture at the Wilder Institute, Anton continues to contribute to our community and across Canada.

Women, Technology, and Artificial Intelligence

Quantum Science and Technologies, will explore together experts, industry, partners, donors and the general public.

Women's History Month

To celebrate and acknowledge the advancement of women in technology and AI. We want to celebrate black women in tech and women from diverse backgrounds.

Here's why — and how to recognize, avoid and recuperate from burnout.

We know that sleep is important to everyone's learning and growth. Whether you sign up for our webinar or participate in our challenge, we want to ensure you get the rest you need.

Dr. Tanya Mudry, MSc'11, PhD'17, a registered counselling psychologist and associate professor in counselling psychology and director of the office of psychological services at the University of Calgary, will help us understand the need for taking care of ourselves in the face of increasing demands on our time and energy. She will also share ways to avoid burnout and recuperate from burnout.

Women in Tech in Canada

This webinar is presented by Innovate Calgary's Social Carvery & Liza Arnason, BA'92.

Fostering Social Change with Irvine Qualtieri

UCalgary alum and expert Shelly Qualtieri, BA'99, will discuss how to foster social change and how to respond to the need for new forms of leadership. Join us for this event on March 5th at the Social Innovation Hub.
